## Gabriela!

Hi, I'm Gabriela!

I'm older than my sister by one minute. You can tell us apart by our different color glasses. I love dance, especially ballet, acro, tap and jazz. I love making cupcakes, and hope to be a professional baker when I grow up. At the age of seven I completed all four adult Wilton's Cake Decorating Classes. I Love Baking & Decorating Cakes! I also love American Girl Dolls, especially Grace Thomas, whom aspires to be a professional baker just like me!

## Lil Cupcake Girls!

Natalia and Gabriela started baking with their grandmother when they were three years old. Each time they saw her, they knew they would learn something new. At six, they asked their mom to help them start baking cupcakes for friends and family events.

Quickly, the 'Lil Cupcake Girls business was born!

Now at ten years old, Gabriela & Natalia are aspiring young entrepreneurs baking cupcakes for all types of parties and special events on the weekends. They've chosen to donate the money they make to No Kid Hungry to help kids in need around the country.

Gabriela and Natalia enjoy raising awareness about kids and hunger through their media appearances and public bake sales.

They are in third grade, and live with their parents in Florida.
